

FHTA Newsletter

May 2026

Volume 1 - Issue 2

New Email Address – fhta25@gmail.com

Note from the President

So glad we finally got some rain to help our thirsty pastures! It's been a nice spring season with low humidity - especially nice for showing!

Several of our members went to the Kentucky 3-day event last month and enjoyed almost perfect weather for the cross country day. They enjoyed the organized course walk with Sydney Stevenson (who spoke at our camp in March) on Friday afternoon.

Just a reminder that our new database is now working to keep track of qualifying scores, etc. so be sure to send in any scores you may have before the deadline of June 30th to count for this year's awards. (please don't wait until the last minute!) Also, we welcome any pictures from our members on their winnings or goings on throughout the state to use in our newly-designed newsletter. Organizers - please send us your show dates for our calendar too! We are close to finalizing a date for our awards luncheon. It might be later this year so as not to conflict with events at Florida Horse Park, and also give me a little more time to recuperate from my upcoming ankle fusion surgery June 2nd, and be more mobile!

We are pleased that our membership has grown about 40% this year - now up to 140+ members statewide. With the help of new brochures and word of mouth, we have recruited some new members and welcome them to our organization.

Another reminder is that we have a dedicated email address now to use for any FHTA news/scores/etc. Our new email address is fhta25@gmail.com
