Note from the President

The summer is finally winding down (and it can't come too soon!) and the events are in full swing – both recognized and schooling shows. I'm not sure how the cost of fuel is going to be a factor in entry numbers, but hopefully the weather will at least cooperate.

We have organized a cross-country clinic with popular clinician Jenn Holling on November 8th at Barnstable South. It's the weekend just before the Educational 3-Day event at Florida Horse Park, so it'll be a good chance for those competing to brush up on their XC skills. Fees are \$100 and FHTA will pay the grounds fee for members. More information is on our website and FB page.

FHTA will be donating \$50 checks for the winners of each level at the three-day event. If you plan to compete there, we'd love to get some pictures to share with the membership and stories of your experience. Also, we'd like to share

pictures of our members' successes at other events as well, so please send them in to me!
